Centers for Medicare & Medicaid Services - 5 Star Quality Rating Canal View – Houghton County Receives 5 Star Quality Rating

HANCOCK, Mich. – Canal View – Houghton County recently earned a 5 star designation status from Centers for Medicare and Medicaid Services (CMS). The 5 star designation indicates that they overall quality of the nursing home is much above average.

CMS created the Five-Star Quality Rating System to assist those who are looking to compare nursing homes a system that is easier for them to compare all nursing homes. Canal View received the Five-Star rating due its staff who have worked tirelessly. This is noteworthy especially after the challenges of the last year and constant changing regulations due to Covid-19. Canal View is one of only nine nursing homes in all of the Upper Peninsula to receive the rating of Five-Stars and is the only nursing home locally to currently be rated at the prestigious level of 5-star facility.
